

2024 Wenzao AI Speaking Stars: The Ultimate Read Aloud & Shadowing Battle

Team Leader's Team Creation Process

(iPhone/Android Mobile Version)

<u>Team Leader's Team Creation Process</u> (iPhone/Android Mobile Version)

3.

1. Before the preliminary competition starts, the team leader of each participating team should scan the competition QR code for the repeating contest, download and install, or open the latest version of the MyET app already installed on the device.

2. On the competition introduction page, the team leader should click the "Team" button on the left. A login page will appear, and the team leader should log in using the same credentials as the Wenzao University information service portal.

* Please confirm that you have correctly entered the school-specific server.

* Password length should be between 4-16 characters, and only special characters such as "_", "-", ". ", "\$", "", "^", "", "~", "<", ">", "; ", "@" are allowed. If your password does not meet these criteria, please change it through the information service portal.

4. The team leader should click "Create New Team" on the left side. The team, consisting of three members including the captain, must be created using the same team name as registered. Once the details are filled in, click "Confirm and Submit" to complete team creation and **proceed with the online registration.**

* Team names must not include offensive, insulting, suggestive, political, or inappropriate words, or the team will be disqualified.

* The team leader must create the team first, then members can join.

* If the team leader has created a team in another MyET competition with a different team name, the old team must be disbanded before creating a new one.
